Free Range Pig Grower

Supports healthy growth in pigs from 10 to 15 weeks of age

Free Range Pig Grower is a nutritionally balanced feed suitable for feeding to most breeds of pigs to promote healthy growth and lean muscle yield in young pigs from 10 to 15 weeks of age.

Manufactured from a selection of cereal grain, legumes, protein meals, molasses, yeast metabolites, vitamins and minerals.

Essential oils from plants are included to offer natural protection against E. coli and Cocci, as well as improve palatability, and improve feed conversion efficiency.

FCF Free Range Pig Grower contains quality proteins derived from sources such as lupins, peas, and canola meal. Used in combination, protein meals and legumes can deliver balanced quantities of essential amino acids, such as lysine and methionine, which are generally accepted as the limiting amino acids in production-focused diets.

Use of quality protein sources can help promote improved milk production, both quantity and quality, when compared to traditional "least-cost" formulations, which may include protein sources, such as DDG.

FCF Free Range Pig Grower does NOT contain animal derived protein meals or antibiotics.

FCF Free Range Pig Grower should be offered on an *ad-lib* basis. Intakes may vary depending on other available feeds. Clean and replace uneaten feed daily to encourage intakes. Always ensure animals have access to clean, fresh water at all times.

Calculated Analysis (per Kg)¹

Digestible Energy:	13.0 MJ/kg
Crude Protein (CP):	15.5%
Lysine:	1.00%
Methionine:	0.28%
Threonine:	0.69%
Cysteine:	0.32%
Fat:	2.40%
Crude Fibre (typical):	4.50%
Calcium:	0.60%
Phosphorus:	0.55%
Sodium:	0.18%
Salt (max added):	0.4% ¹

Free Range Pig Grower

Supports healthy growth in pigs from 10 to 15 weeks of age

Product Features:

Vitamins and minerals

- Vitamin A an important vitamin to support healthy growth and development, vitamin A can often be limiting on diets based on concentrates, hay and silage.
- Vitamin E – involved in many physiological functions including reproduction, immune function, muscle and nerve function. Vitamin E also acts as antioxidant in conjunction with Selenium.
- Trace minerals including Cobalt, Iron, Iodine, Manganese, Selenium, and Zinc.
- Macro minerals including Calcium, Phosphorus, Sodium and Chloride.

Balanced Amino Acids

- **Free Range Pig Grower** is high in Lysine and Methionine to promote lean, efficient growth in growing pigs.

Gut Health

- **Regano**[®], a natural blend of essential oils that act not only as an appetizing agent, but can help improve animal performance, and assist in the prevention of diarrhea caused by Coccidia, E.coli, C. perfringens and Corona/Rota-viruses.
- **Betaine**, while useful as a source of methionine, is also beneficial in alleviating osmotic challenges in the gut and helping to maintain gut integrity.
- **Diamond V XPC**[®] has also been demonstrated to improve immune system function, as well as reduce colonization of Salmonella in the gut in pigs, leading to a reduction Salmonella shedding and lower infection rates.

Ingredients

Free Range Pig Grower is manufactured from a selection of the following ingredients:

- Wheat, Barley, Maize, Lupins, Peas, Canola Meal and products derived from these ingredients.
- Limestone, Salt, Dicalcium Phosphate, Mono Dicalcium Phosphate, Sodium Bicarbonate, Betaine Anhydrous, Amino acids, Diamond V XPC, Regano, AGRilq, Vegetable Oil, Bredol, CPS Monogastric Vitamin & Trace Mineral Premix.
- Ingredients may be altered based on availability.

Packaging and Availability

Free Range Pig Grower is available as a pellet in:

- **Bulk** – minimum order of 4000kg
- **Bulka Bags** – 1000kg
- **20kg Bags** – through selected retail outlets.
